McGill, MD, consultant

Hello, I’m ________________ and I’m calling for the Saint Louis University School of Public Health and the National Institutes of Health. We are doing a study of the health practices of people in Missouri, Tennessee and Arkansas. You will receive a $10.00 Wal-mart gift card for your time. Previously, your phone number was chosen randomly to be included in the study, and now we’d like you to complete the last interview.

The interview will take about 20 minutes. We will try to get through the questions as quickly as possible. Saint Louis University is receiving support from National Institutes of Health to assist in conducting this research study. We are expecting about 1500 people to participate in the telephone interview.

Your participation is completely voluntary. You have the right to refuse to be interviewed or to refuse to answer any question. There are no risks to you if you choose to participate. Although you may not benefit directly from your participation, your information will help investigators understand what activities may affect health in your region. All of the information that you provide in this conversation will be kept confidential to the extent allowed by law. A code number will be the only link between your responses and your name, and your name will not be linked directly to your responses. If you have questions about this research please contact Sarah Lovegreen at 1-800-782-6769.

Let’s begin …

RLS 1.1 Have you moved since <<insert date follow-up 1 survey was completed>>?

Yes (continue with RLS 1.2) ...................................................................................................1
No .............................................................................................................................................2

RLS 1.2 When did you move?.....................................................................................___ ___/___ ___/___ ___ ___ ___  
[Interviewer Note: Participant can answer in month and year, or month, day and year.]

SECTION A: HEALTH

Section A-1. Perceived Health Status

A-1.1. Would you say that in general your health is:

SECTION B. PHYSICAL ACTIVITY

Section B-1. Physical Activity Assessment

B-1.1 During the past month, other than your regular job, did you participate in any physical activities or exercises such as running, calisthenics, golf, gardening, or walking for exercise?

Yes .............................................................................................................................................1
No ..............................................................................................................................................2

[Do not read]

Don’t know/Not sure..................................................................................................................7
Refused ......................................................................................................................................9

If “employed” or “self-employed” to Q A-1.2, continue. Otherwise go to Q B-1.3

B-1.2 When you are at work, which of the following best describes what you do? Would you say:

[Please Read]

[Interviewer Note: If respondent has multiple jobs, include all jobs.]

We are interested in two types of physical activity: vigorous and moderate. Vigorous activities cause large increases in breathing or heart rate while moderate activities cause small increases in breathing or heart rate.

B-1.3 Now, thinking about the moderate physical activities you do [fill in (when you are not working) if “employed or self-employed” to Q A-1.2] in a usual week, do you do moderate activities for at least 10 minutes at a time, such as brisk walking, bicycling, vacuuming, gardening, or anything else that causes small increases in breathing or heart rate?

Yes .............................................................................................................................................1
No Go to Q B-1.6 ......................................................................................................................2

[Do not read]

Don’t know/Not sure Go to Q B-1.6 ........................................................................................7
Refused Go to Q B-1.6 ..............................................................................................................9
B-1.4 How many days per week do you do these moderate activities for at least 10 minutes at a time?

__ __ Days per week (range 00-07)
  88 None/Do not do any moderate physical activity for at least 10 minutes at a time
  [Go to Q B-1.6]
  77 Don’t know/Not sure
  99 Refused

B-1.5 On days when you do moderate activities for at least 10 minutes at a time, how much total time per day do you spend doing these activities?

[Interviewer Note: Participant may respond in hours or minutes or hour/minute combination]

__ __ hours per day or ___ __ minutes per day
  777 Don’t know/Not sure
  999 Refused

[Interviewer Note: Participant may respond in hours or minutes or hour/minute combination.]
[Interviewer Note: Remember to only include times greater than 10 minutes.]
[Programmer Note: Hard range: Do not accept a response of <10 minutes.]

B-1.6 Now thinking about the vigorous physical activities you do when you are not working, in a usual week, do you do vigorous activities for at least 10 minutes at a time, such as running, aerobics, heavy yard work, or anything else that causes large increases in breathing or heart rate?

Yes .......................................................... 1
No Go to Q. B-1.9 .......................................................... 2
[Do not read]
  Don’t know/Not sure Go to Q. B-1.9 .......................................................... 7
  Refused Go to Q. B-1.9 .......................................................... 9

B-1.7 How many days per week do you do these vigorous activities for at least 10 minutes at a time?

__ __ Days per week [Range 00-07]
  88 Do not do any vigorous physical activity for at least 10 minutes at a time. Go to Q. B-1.9
  77 Don’t know/Not sure Go to Q. B-1.9
  99 Refused Go to Q. B-1.9

B-1.8 On days when you do vigorous activities for at least 10 minutes at a time, how much total time per day do you spend doing these activities?

[Interviewer Note: Participant may respond in hours or minutes or hour/minute combination]

__ __ hours per day or ___ __ minutes per day
  888 None
  777 Don’t know/Not sure
  999 Refused

[Interviewer Note: Participant may respond in hours or minutes or hour/minute combination.]
[Interviewer Note: Remember to only include times greater than 10 minutes.]
[Programmer Note: Hard range: Do not accept a response of <10 minutes.]

For each of the next few questions, we will be asking you about both moderate and vigorous physical activity. Physical activity or exercise includes moderate activities such as walking briskly or any other activity where the exertion is as least as hard as this activity. Please respond to the following statements.

[Interviewer Clarification: For these questions we are interested in both moderate and vigorous activities as defined in earlier questions.]
[Interviewer Clarification: Vigorous activities cause large increases in breathing or heart rate while moderate activities cause small increases in breathing or heart rate.]

SECTION C: COMMUNITY ENVIRONMENT

At this time, I’d like to ask some questions about your community.

Although individuals define their “community” in many different ways, we are interested in the community as it refers to the place in which you live. This typically includes your neighborhood and the neighborhoods within a 10-minute walk from your home. We understand that you may visit other places or communities regularly but we are most interested in the community or place closest to your home.

Section C-1. Promotion

The first question has to do with events or programs in your community. These may be sponsored by a wide variety of institutions, organizations or groups located in or around your community, for example: coalitions, churches, the health department, or organizations such as the American Heart Association. For each item, please indicate “yes” if it has taken place in your community in the past year.
C-1.1 Have any of the following taken place in your community in the past year?

<table>
<thead>
<tr>
<th>Activity</th>
<th>Yes</th>
<th>No</th>
<th>Children Only</th>
<th>Don’t Know/Not Sure</th>
<th>Refused</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. Health fairs or seminars?</td>

<td>9</td>
</tr>
<tr>
<td>e. Other organized community recreational events (for example, community walking tour, community parade)?</td>
<td>1</td>
<td>2</td>
<td>3</td>
<td>7</td>
<td>9</td>
</tr>
</tbody>
</table>

[Interviewer clarification: If the respondent replies “yes,” please ask if the event or programs are for adults, children, or both.]

[Interviewer clarification: If the respondent indicates that the event or program is only available to children, please indicate a “3” instead of a “1.”]

[Interviewer clarification: Community is defined as the place where you live, including your neighborhood and the neighborhoods within a 10-minute walk from your home.]

The next questions have to do with how frequently you receive information about physical activity in your community. This information may include advertisements or promotions for community recreational facilities, programs, or general information about physical activity. We are interested in the physical activities that people do as part of their everyday lives. Think about the activities you do at work, as part of your house and yard work, to get from place to place, and in your spare time for recreation, exercise or sport.

C-1.2 How frequently do you observe the following in your community?

<table>
<thead>
<tr>
<th>Activity</th>
<th>Never</th>
<th>Rarely</th>
<th>Sometimes</th>
<th>Often</th>
<th>Don’t Know/Not Sure</th>

<td>1</td>
<td>2</td>
<td>3</td>
<td>4</td>
<td>7</td>
<td>9</td>
</tr>
</tbody>
</table>

[Interviewer clarification: Remember, this information may include advertisements or promotions for community recreational facilities, programs, or general information about physical activity.]

[Interviewer clarification: Think only about the information you receive in your community.]

[Interviewer clarification: Community is defined as the place where you live, including your neighborhood and the neighborhoods within a 10-minute walk from your home.]

Proceed with Q. C-1.3 through C-1.6 ONLY if respondent is an intervention participant (DN, EL, MV, PB, PD, WP). Otherwise, go to C-1.7. If intervention respondent AND RLS 1.1 = 1 AND RLS 1.2 > 6 months from follow-up 1 interview, skip to C-1.7 (unless moved within intervention area).

Q C-1.7 con’t…
Section C-2. Facilities

The next few questions are about the places available to engage in physical activity in your community. These places may include local schools, community recreational centers or gyms, parks, and trails for walking and biking. In addition, this section includes questions about the physical activity equipment available such as a batting cage and basketball hoops at a park, or weight machines at the community recreational center.

C-2.1 Please indicate whether you agree with the following statements.

[Interviewer clarification: After you read the statement, ask the participant “Do you strongly agree, agree, disagree, or strongly disagree?”]
Section C-4. Transportation and Street-Scale Environment

I have a few more questions about facilities in your community. This set of questions has to do with transportation facilities. Transportation facilities include streets and highways for those traveling by automobile, sidewalks and trails for pedestrians, bike lanes and pathways for bicyclists, and buses or subways for those traveling by public transit. In this section, we are only interested in transportation facilities for pedestrians, bicyclists, and those traveling by public transit.

C-4.1 Please indicate whether you agree with the following statements.
